WOODLANDS PRIMARY ACADEMY Creative Education Trust

# **Dear Colleague**

# Thank you for your interest in the role of Headteacher of Woodlands Primary Academy.

Woodlands Primary Academy joined Creative Education Trust in April 2015. Our network consists of eleven secondary and six primary academies in the Midlands and Norfolk plus a central team. Further schools are in the pipeline and our medium-term ambition is to be a trust of 25 schools.

As an academy sponsor, Creative Education Trust is focused on the quality of the educational experience it provides for its students. We have a strong track record of school improvement with our schools moving rapidly from Ofsted 'inadequate' to 'good'.

Working in partnership, Woodlands Primary Academy and the Trust have made much progress in recent years. We were delighted to have been awarded a 'good' judgement from Ofsted in June 2017. The report notes many strengths, including the high expectations that have been set for pupils and the broad and balanced curriculum that is on offer. Building on those strengths, we're ambitious to do much more.

In addition, in joining a growing group of schools, you will have the opportunity to have an impact on how the wider network develops, to collaborate closely with your fellow Principals and Headteachers and to influence Creative Education Trust's ethos and processes.

Those of us who have set up Creative Education Trust come from a wide variety of professional backgrounds in education, academia, business and the creative industries. What unites us is the desire to improve educational prospects and life chances for children who have not always had the schools they deserve, nor had access to the knowledge and skills that will equip them to be successful in the world they will encounter when they leave full-time education.

Our schools pursue a rigorous and continuous programme of educational improvement, but they also aim to provide pupils with a rich programme of co-curricular activities. In addition, our unique Knowledge Connected approach teaches pupils to analyse and understand their curriculum of study through the application of six key concepts, encouraging them to identify and solve problems in practical and creative ways that give them a sense that they can have impact on the world around them.

You can watch a short video on what it means to be part of Creative Education Trust, illustrating our 'Knowledge Connected' approach to learning on our YouTube channel: www.youtube.com/user/creedacad.

We are looking for an ambitious, experienced, committed and energetic leader who shares our vision, supports the ethos of Knowledge Connected, can translate both into the practical realities of leading and managing Woodlands Primary Academy, and who relishes contributing to the further development of the Trust as a national provider of education.

Our Recruitment Manager, Ian Harding, would be delighted to discuss this role with you and is available on **lan.Harding@creativeeducationtrust.org.uk** or 07990 037495.

I look forward to receiving your application.

Yours sincerely, Marc Jordan "We are looking for an ambitious, experienced, committed and energetic leader"

# ABOUT CREATIVE EDUCATION TRUST

Creative Education Trust inspires and enables young people to build successful lives on foundations of learning, resilience and employability. We believe that a rewarding educational experience and the highest possible qualifications are the best way to ensure social mobility for young people.

Creative Education Trust is a growing multi-academy trust educating over 13,000 children in England. It was established in 2010 to work in England's post-industrial cities and coastal towns: areas of economic disadvantage and with a history of academic underachievement. We transform these schools by integrating a knowledge-rich curriculum with skills and creativity.

Creative Education Trust defines creativity as the ability to find connections between the things we know and turn these connections into new ideas and action. The academic arts and the sciences, practical subjects and life skills all need this creativity, and creativity is valued highly by employers. Our staff and expert advisers use imaginative methods for linking knowledge across subject boundaries, fostering personal development and resilience and developing practical skills that prepare students for their transition to adult life and employment.

# Our aims for our students are to:

- Raise their attainment in exams and tests through outstanding teaching
- Make them intellectually curious with a sense of confidence
- Increase their participation in HE, FE and apprenticeships
- Ensure they have employable skills and attitudes
- Create rounded individuals through a wide choice of co-curricular activities

You can find out more at: www.creativeeducationtrust.org.uk

# We are achieving our aims through:

- ★ Educational rigour
- ★ Organisational effectiveness
- ☆ Financial efficiency
- Partnership & recognition of local identity
- ★ Respect for autonomous leadership
- ★ Quality not quantity
- Promoting practical creativity

## ABOUT WOODLANDS PRIMARY ACADEMY

We opened as a community primary school in September 2008, catering for children between the ages of 4 and 11 years. There are two classes in each year from Reception to Year 6.

Since April 2015 we have been part of the Creative Education Trust. This has enabled the school to rigorously pursue rapid improvement for the children we teach.

We work closely with other local schools, both secondary and primary, as part of the Lynn Grove cluster. This ensures that there is consistency between the schools in areas such as SEND provision and creates a core focus on providing a positive education for students in Great Yarmouth.

The school is well resourced and we strive to provide an inclusive and expansive education for all of the children in our care.

#### Our on-site facilities include:

- A purpose-built extension for Reception and Year 1 children, which helps nurture students in the Early Years whilst also allowing smooth transition to Key Stage 1;
- Two networked ICT suites and portable banks of laptops and iPads;
- New digital screens in every classroom;
- A purpose-built, fully computerised central library;
- Specialist facilities for music, art, science, design and technology (including food technology) and special educational needs;
- A Speech and Language Therapist;
- A large environmental area on the school site with over a mile of nature trails which we frequently use as a teaching resource.
- We also have covered seating areas, a trim trail and a play activity area.

The school's outcomes at the end of Key Stage two have increased year on year since joining CET and the school has moved from Ofsted inadequate to good.

# SUPPORT FOR OUR STAFF

We are committed to providing our academy leaders with the highest quality support and challenge to ensure that their schools excel and give our students the education they deserve.

Our Principals and Headteachers have a good deal of autonomy as school leaders within a framework developed collaboratively with our Director of Education and the Education Team.

Each of Creative Education Trust's schools benefits from a comprehensive programme of support and challenge, including working with former HMIs.

Creative Education Trust places a strong emphasis on CPD for teachers and for senior and middle leaders. We run a regular programme of training events to improve teaching performance and also provide focused management development and oneto-one coaching opportunities. We have an active cross-trust group on the Teaching Leaders programme and use Future Leaders and Teach First extensively.

We believe it is very important that each of our academies plans in such a way that financial and human resources are deployed to support their educational strategies fully. This is supported by our experienced Head Office team, who are available to advise on financial planning, audit, HR, legal and property matters.

Each of our Principals is part of the wider leadership team of the Trust; the group meets regularly to help Creative Education Trust develop its ethos and strategy, and to share their professional expertise. As the network of Creative Education Trust schools grows, this forum has increasing value as a means of professional development and problem solving.

There are also a number of cross-group, phase leader and year-specific forums.
